ARCHITECTURAL CONTROL

A. No Improvement shall be commenced, erected, altered, planted, removed, or maintained upon the Properties nor shall any material alteration, addition, or deletion be made to the landscaping of a Lot, until the plans and specifications showing the nature, kind, shape, height, materials, location, and all other reasonable detail of the same shall have been submitted to and approved in writing as to harmony of external design and location in relation to surrounding structures and topography by an Architectural Committee selected by the DECLARANT, in its sole judgment, as hereinafter provided. In the event the Architectural Committee fails to approve or disapprove the plans and specifications within sixty (60) days after the complete plans and specifications have been submitted to them in accordance with this Declaration, approval will not be required and this Article will be deemed to have been fully complied with.

B. In the event any Improvement is destroyed in whole or in part, the Improvement shall be reconstructed in accordance with the original plans and specifications approved by the Architectural Committee and any subsequently approved modifications thereto, or if the OWNER desires to change the plans and specifications, all terms and conditions of this Declaration shall be complied with as if no Improvement had been previously constructed.

C. The DECLARANT shall have the right to appoint the Architectural Committee until all Lots are sold and transferred by the DECLARANT. All members of the Architectural Committee shall serve at the pleasure of DECLARANT. The DECLARANT may appoint an

OR 1795 PG 1969

architectural firm to serve as the Architectural Committee. After all Lots are sold and transferred by the DECLARANT, the Architectural Committee shall be appointed by a majority of the Lot Owners or, if all Owners become members of the Ox Bottom Manor Community Association, Inc., as provided in Article II above, the Architectural Committee shall be appointed by the Board of Directors of the said association.

D. All notices or submission requests to be given to the Architectural Committee shall be in writing delivered by mail to the principal registered office of the DECLARANT as from time to time set forth in the records of the office of the Secretary of State of Florida, Corporation Division. After all Lots are sold and transferred by the DECLARANT, said notice shall be delivered by mail to the Architectural Committee. Three (3) copies of all such plans and specifications to be approved shall be furnished to the Architectural Committee. The plans and specifications shall include the following information:

- (1) Building plans showing floor plans and front, side, and rear elevations;
- (2) Exterior finish schedule showing material, style, and color for all surfaces;
- (3) Site plan showing location of buildings, drives, parking areas, sidewalks, and all other improvements;
- (4) Landscape plan. The landscape plan may be submitted after construction commences, but must be approved by the Architectural Committee and implemented before occupancy; and
- (5) The contractor who will perform and be responsible for all work.

The purpose of this Article in providing the Architectural Committee with the authority to approve, approve with conditions, and disapprove plans and specifications for all

Improvements constructed on the Lots is to maintain the value of all Lots and to protect all OWNERS against a diminution of value resulting from construction of a residence or other structure incompatible with the proper development of the Properties. The disapproval of such plans and specifications shall be in the sole discretion of the Architectural Committee and shall be based upon the following factors:

- (1) Harmony of exterior design with the existing or proposed Improvements to the Lots;
- (2) General quality in comparison with the existing Improvements to the Lots;
- (3) Location in relation to surrounding Improvements;
- (4) Location in relation to topography;
- (5) Changes in topography; and
- (6) Aesthetic considerations.

The Architectural Committee may establish and specify for any Lot, prior to construction, standards and requirements relating to excavation, dirt, fill storage, digging, backfilling, etc., for utility trenches and house construction, the color, and composition of roofing materials, the color and composition of bricks or siding, and the style of architecture. Such standards and requirements may include, but are not limited to, the following: off-site storage of fill, dirt or construction debris; stockpiling of fill from utility trenches; backfilling utility trenches; and the general appearance of the houses. Such standards and requirements may vary from Lot to Lot and may be imposed by the Architectural Committee in its sole discretion so as to minimize disruption of trees, tree roots, existing ground cover, or other natural features. Indiscriminate grading or trenching will be strictly forbidden to minimize harm to natural

OR 1795 PG 1971

features which protect and enhance the beauty and privacy of the entire Properties and to encourage the aesthetic standards of the neighborhood.

E. If any Improvement is constructed or altered without the prior written approval of the Architectural Committee, the OWNER shall, upon demand of the COMMUNITY, cause such Improvement to be removed, remodeled, or restored in order to comply with the requirements of this Declaration. The OWNER shall be liable for the payment of all costs of such removal or restoration, including all costs and attorney's fees incurred by the DECLARANT and/or the COMMUNITY. Such costs may also be the basis for an Individual Assessment. The DECLARANT and the COMMUNITY are specifically empowered to enforce the architectural and landscaping provisions of this Declaration by any legal or equitable remedy. In the event that it becomes necessary to resort to litigation to determine the propriety of any constructed Improvement or to remove any unapproved Improvement, the DECLARANT and/or the COMMUNITY shall be entitled to recovery of court costs, expenses, and attorney's fees in connection therewith. In the event that any OWNER fails to comply with the architectural and landscape provisions contained herein, the DECLARANT and/or the COMMUNITY may, in addition to all other remedies contained herein, record against the OWNER'S plot a notice stating that the Improvements on the parcel fail to meet the requirements of this Declaration.

F. The Architectural Committee may impose standards for construction and alteration of improvements which may be greater or more stringent than standards prescribed in applicable building, zoning, or other local development codes. However, the approval, rejection, or withholding of any approval by the Architectural Committee of the plans, proposals, specifications, and the location of all structures, and every alteration of any structure shall not

be construed or interpreted as a representation or determination by the Architectural Committee that any building, plumbing, electrical code, or other applicable governmental regulation or requirement has or has not been properly met by the OWNER. Each OWNER shall be responsible for obtaining all necessary technical data and for making application to and obtaining the approval of Leon County and any other appropriate governmental agencies prior to commencement of any work or construction. The DECLARANT and/or the COMMUNITY shall be entitled to enter upon any Lot during construction of an Improvement to ensure compliance with approved plans and specifications.

G. Neither the DECLARANT, the Directors or Officers of the COMMUNITY, the Architectural Committee, nor any person acting on behalf of any of them, shall be liable for any costs or damages incurred by any OWNER within OX BOTTOM MANOR or any other party whatsoever due to any mistakes in judgment, negligence, or any action of the DECLARANT, the COMMUNITY, or the Architectural Committee in connection with the approval or disapproval of plans and specifications. Each party submitting plans and specifications for approval shall be solely responsible for the sufficiency thereof and for the quality of construction performed pursuant thereto.

H. The DECLARANT, COMMUNITY, and the Architectural Committee may grant, withhold, or deny its permission or approval in any instance where its permission or approval is permitted or required without liability of any nature to OWNER or any other Person for any reason whatsoever, and any permission or approval granted shall be binding upon all Persons.

OR 1795 PG 1973

ARTICLE IV
USE RESTRICTIONS

Section 4.01 Access to Other Property

Except for the DECLARANT, no OWNER shall permit or otherwise authorize any portion of any Lot to be utilized as an easement, roadway, driveway, street, or other means or method of access, ingress, or egress to areas or property not included within the Properties. The purpose of this provision is to preserve and protect the integrity of the exterior boundaries of the Properties, and to preclude and prohibit any break in those boundaries by an easement, roadway, driveway, or street granted, permitted, or otherwise created by any Owner other than the DECLARANT. The DECLARANT reserves the right to grant such easements or create such roadways upon land or lots owned by the DECLARANT as the DECLARANT, in the DECLARANT's sole discretion, determines necessary, appropriate, or desirable.

Section 4.02 Accessory and Temporary Structures

One detached accessory structure per lot shall be permitted, provided that: (1) its exterior is made of the same material(s) as the primary structure; (2) such accessory structure is located behind the rear corners of the primary structure; and (3) such accessory structure is one story and does not exceed 500 square feet. No temporary structures shall be permitted.

Section 4.03 Antennas and Flagpoles.

No exterior antenna may be installed on any portion of the Properties unless such installation and the size, color, and design of the antenna have been approved by the

Architectural Committee. No satellite-dish or television antenna shall be approved, placed, or permitted to remain on any Lot. A flagpole for display of the American flag shall be permitted if first approved in writing by the Architectural Committee. Both its design and location must be first approved by the Architectural Committee. An approved flagpole shall not be used as an antenna.

Front:	40 feet
Rear:	50 feet
Side Interior:	15 feet
Side Corner:	25 feet

For the purposes of this Section, eaves and steps shall not be considered as part of a building, provided, however, that this shall not be construed to permit any portion of a building to encroach upon another site.

B. Nothing contained in the Declaration shall prohibit the OWNER of two contiguous lots from building a home on the common boundary of the two lots, provided the front, back, and side setbacks and other requirements herein are met.

C. No driveway shall be located nearer than one (1) foot to an interior Lot line.

F. No landscaping or other Improvement which obstructs horizontal sight lines at elevations between two (2) and six (6) feet above the street shall be placed or permitted to remain on any Lot within any triangular area formed by street lines and a line connecting them at points twenty-five (25) feet from the intersection of the street lines. In the case of a rounded corner, the twenty-five (25) feet shall be measured from the point formed by the extension of the street line to form an angle instead of a curve. The same sight line limitations shall apply to that area of every Lot within the ten (10) feet radius emanating from the intersection of any boundary line of a Lot with the edge of the driveway pavement. Trees may be planted and maintained at a sufficient height to prevent obstruction of such sight lines.

G. The Architectural Committee may, in its sole discretion, grant variances to the restrictions provided for in this Section, where strict enforcement will result in unnecessary hardship.

Section 4.05. Clothes Drying Area.

No outdoor clothes drying area shall be allowed unless approved in writing by the Architectural Committee.

Section 4.06. Colors.

No exterior colors on any structure shall be permitted that, in the sole judgment of the Architectural Committee, would be inharmonious or incongruous with OX BOTTOM MANOR. Any future exterior color changes desired by OWNER must be first approved in writing by the Architectural Committee.

Culverts beneath driveways shall have mitered end walls, unless a standing head wall, which has been approved by the Architectural Committee, is installed. Section 4.09. Dwelling Size and Height.

No dwelling shall be permitted on any Lot unless the ground floor area of the main structure contains at least 2,000 square feet of heated and cooled living area for a one-story dwelling, exclusive of open porches, patios, terraces, storage areas, and garages, and at least 1,000 square feet of living area for a dwelling of more than one story, exclusive of patios, terraces, and other areas not under roof, but inclusive of open porches, storage areas, and garages under roof, provided that the floor area of the entire dwelling contains at least 2,000 square feet of heated and cooled living area, exclusive of all open porches, patios, terraces, storage areas, and garages. Committee. The exterior finish of each structure shall be consistent in quality, workmanship, and detail on all sides of the structure. Hurricane and storm shutters may be used on a temporary basis, but shall be stored within an enclosed structure.

Section 4.11. Exterior Maintenance.

No weeds, underbrush, or other unsightly growth shall be permitted to grow and remain on any Lot, and no refuse, trash, or other unsightly material shall be placed or permitted to remain on any Lot. Each OWNER shall maintain the landscaping, including the trees, shrubs, and grass within the boundaries of the OWNER'S Lot, and the exterior of the building located on the Lot in a neat and attractive condition. If an OWNER fails to maintain or make the repairs or replacements which are the responsibility of such OWNER, the COMMUNITY, after not less than ten (10) days notice to the OWNER, shall have the right (but not the obligation) to enter upon such Lot and provide such maintenance or make such repairs or replacements as it deems necessary or appropriate, and the cost thereof shall be payable to the COMMUNITY by such OWNER within ten (10) days after the delivery to the OWNER of a demand for payment. Amounts due hereunder may be enforced and collected, together with interest and attorneys' fees in the manner provided in Article VI. GENERAL PROVISIONS

Section 6.01. Amendment.

The covenants and restrictions of this Declaration shall run with and bind the land, for a term of twenty (20) years from the date this Declaration is recorded, after which time they shall be automatically extended for successive periods of ten (10) years unless the OWNERS of all Lots and the holders of all first mortgages encumbering the Lots join in a written instrument recorded in the Public Records of Leon County, Florida, agreeing to terminate these covenants and restrictions upon the expiration of any (10) year period. This Declaration may be amended by the DECLARANT, at its sole discretion, for as long as the DECLARANT owns a Lot. After all Lots are sold and transferred by the DECLARANT, this Declaration may be amended by an instrument signed by not less than two-thirds (2/3) of the OWNERS. No amendment shall affect the priority of the lien of any first mortgage on any Lot over the lien of the assessments provided for herein unless the holder of the mortgage joins in the execution of the amendment. Any amendment must be recorded.

Section 6.02. Annexation.

Additional residential property and common areas may be annexed to the Properties at the sole discretion of the DECLARANT. Any such annexation shall subject said land to these Covenants, Conditions, and Restrictions, and the owners of each lot in such annexed area shall have the same rights, benefits, obligations, and duties as the Owners of the Lots described in this Declaration.

Section 6.03 Authority of COMMUNITY Once DECLARANT Does Not Possess a Lot for Development.

Except as otherwise limited, the COMMUNITY shall have all of the authority, rights, and enforcement power provided by this Declaration to the DECLARANT once the DECLARANT no longer possesses any Lots for development.

Section 6.04. Construction.

The provisions of this Declaration shall be liberally interpreted and construed to provide maximum flexibility consistent with the Master Development Plan and the purposes set forth herein, including the Preamble.

Section 6.05. Development by DECLARANT.

No provisions contained herein shall prevent DECLARANT, or DECLARANT's contractors or subcontractors, from performing such work and activities as it deems necessary or advisable in connection with the development of the Properties, nor shall such provisions in any way prevent the DECLARANT from maintaining such sign or signs on the Properties as DECLARANT deems necessary or desirable for the sale or other disposition thereof, nor shall such provisions in any way prevent the use of a Lot and dwelling thereon as a model home and/or sales office including the use of the garage as a sales office thereby rendering the garage non-functional.

OR 1795 PG 1991

Section 6.06. Enforcement.

The DECLARANT, and/or the COMMUNITY shall have the right to enforce, by any proceeding at law or in equity, including injunctive relief, all restrictions, conditions, covenants, reservations, liens, and charges now or hereafter imposed by the provisions of this Declaration. The failure of the DECLARANT and/or the COMMUNITY to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter. The prevailing party shall be entitled to an award of attorneys' fees and costs.

Section 6.07. FHA/VA Approval.

As long as there are outstanding mortgages insured or guaranteed by the Federal Housing Administration or the Veterans Administration, the following actions will require the prior approval of the Federal Housing Administration or the Veterans Administration: annexation of additional properties, dedication of Common Area, and amendment of this Declaration.

Section 6.08. Gender.

Whenever in this Declaration the context so requires the singular number shall include the plural, and the converse; and the use of any gender shall be deemed all genders.

Section 6.09. Intent.

The DECLARANT intends that both this Declaration and the Declaration of General Protective Covenants and Restrictions for Ox Bottom Manor be read together for purposes of implementation of the restrictions and covenants in each. The DECLARANT intends that the

Declarations be utilized together for purposes of providing the DECLARANT and the COMMUNITY maximum powers to preserve and protect the special character and nature of OX BOTTOM MANOR. The DECLARANT further intends that the Declarations be considered as one document. The omission of any remedy or provision in one of the Declarations which is included in the other of the Declarations shall not be deemed to be an intentional omission which is fatal to carrying out the purposes of the one of the Declarations in which such remedy or provision is included. The remedies and provisions of each of the Declarations shall be cumulative and in addition to the remedies and provisions of the other of the Declarations.

Section 6.10. Nonliability of DECLARANT and COMMUNITY.

Neither the DECLARANT nor the COMMUNITY shall, in any way or manner, be held liable or responsible for any violation of these Covenants, Conditions, Restrictions, or other provision by any person other than itself.

Section 6.11. Notices.

Section 6.13. Severability.

Invalidation of any one of these covenants or restrictions by judgment or court order shall in no way affect any other provisions which shall remain in full force and effect.

Section 6.14. Variances.

The DECLARANT, as long as the DECLARANT owns any Lot, shall have the right to grant variances from any covenant, condition, or restriction contained in this Declaration. Any such variance may be granted or withheld in the sole discretion of the DECLARANT.
