ARCHITECTURAL CONTROL

No building, fence, wall, outbuilding or other structure or improvement shall be commenced, erected or maintained upon the Properties, nor shall any exterior addition to or change or alteration therein be made, nor shall any material alteration, addition or deletion be made to the landscaping of a Lot, until the plans and specifications showing the nature, kind, shape, height, materials, location and all other reasonable detail of the same shall have been submitted to and approved in writing as to harmony of external design and location in relation to surrounding structures and topography by an architectural committee composed of three (3) or more representatives subsequently appointed by the Declarant (the "Architectural Committee"), as hereinafter provided. In the event the Architectural Committee fails to approve or disapprove the plans and specifications within sixty (60) days after the complete plans and specifications have been submitted to them in accordance with this Declaration, approval will not be required and this Article will be deemed to have been fully complied with. In the event any improvement is destroyed in whole or in part, the improvement shall be reconstructed in accordance with the original plans and specifications approved by the Architectural Committee and any subsequently approved modifications thereto, or if the Owner desires to change the plans and specifications, all terms and conditions of this Declaration shall be complied with as if no improvement had been previously constructed. Declarant shall have the right to appoint the Architectural Committee until all Lots are sold and transferred by the Declarant. All members of the Architectural Committee shall serve at the pleasure of the Declarant. The Declarant may appoint an architectural firm to serve as the Architectural Committee.

The disapproval of such plans and

specifications shall be in the sole discretion of the Architectural Committee and shall be based upon the following factors:

- (1) Harmony of exterior design with the existing or proposed improvements to the Lots.

- (3) Location in relation to surrounding improvements.
- (4) Location in relation to topography.
- (5) Changes in topography.
- (6) Aesthetic considerations.

The Architectural Committee may establish and specify for any Lot, prior to construction, standards and requirements relating to excavation, dirt and fill storage, digging, backfilling, etc. for utility trenches and house construction, the color and composition of roofing materials, the color and composition of bricks or siding, and the style of architecture. Such standards and requirements may include, but not necessarily be limited to, the following: off-site storage of fill, dirt or construction debris; stockpiling of fill from utility trenches; backfilling utility trenches; and the general appearance of the houses. Such standards and requirements may vary from Lot to Lot and may be imposed by the Architectural Committee in its sole discretion so as to minimize disruption of trees, tree roots, existing ground cover, or other natural features. Indiscriminate grading or trenching will be strictly forbidden to minimize harm to natural features which protect and enhance the beauty and privacy of the entire Properties and to encourage the aesthetic standards of the neighborhood.

ARTICLE IV

No Lot shall be used except for residential purposes and such other purposes set forth in this Declaration. No building or other improvement of any type shall be erected, altered, installed, placed or permitted to remain on any Lot other than a detached

SUBDIVISION OF LOT

No Lot shall be re-subdivided after the Lot has been conveyed by the Declarant. This provision shall not, however, be construed to prohibit the Declarant from re-subdividing any Lot or otherwise altering the boundaries of Lots owned by the Declarant or to prohibit any Owner from conveying any part of his Lot to the Owner of an adjacent Lot, provided that the Declarant has approved such conveyance in writing. Such approval shall be in the sole discretion of the Declarant.

ARTICLE VI

No dwelling shall be permitted on any Lot unless the ground floor area of the main structure contains at least 2,000 square feet for a one-story dwelling, exclusive of open porches, patios, terraces, storage areas and garages, and at least 1,000 square feet for a dwelling of more than one story, exclusive of patios, terraces and other areas not under roof, but inclusive of open porches, storage areas and garages under roof, provided that the floor area of the entire dwelling contains at least 2,000 square feet, exclusive of all open porches, patios, terraces, storage areas and garages. For the purposes of this Article, eaves and steps shall not be considered as a part of a building, provided, however, that this shall not be construed to permit any portion of a building to encroach upon another site. No driveway shall be located nearer than one (1) foot to an interior Lot line. No fence or wall shall be located nearer to the front Lot line than the rear of the primary building. No fence or wall shall exceed six (6) feet in height. No fence or wall shall be located nearer than two (2) inches to an interior lot line. The same sight line limitations shall apply to that area of every Lot within the ten (10) feet radius emanating from the intersection of any boundary line of a Lot with the edge of the driveway pavement. Trees may be planted and maintained within any of these areas if the foliage line is maintained at a sufficient height to prevent obstruction of such sight lines. In furtherance and not in limitation of the foregoing, the owners of pets shall be responsible for removing from Lots and easement areas any excrement from their pets. No pen, doghouse or other structure intended for an animal shall be constructed or allowed to remain on any Lot unless approved by the Architectural Committee in accordance with Article III of this Declaration. Each Owner shall maintain the landscaping, including the trees, shrubs and grass within the boundaries of his Lot, and the exterior of the building located on the Lot in a neat and attractive condition. If an Owner shall fail to maintain or make the repairs or replacements which are the responsibility of such Owner, the Declarant, after not less than ten (10) days' notice to the Owner, shall have the right (but not the obligation) to enter upon such Lot and provide such maintenance or make such repairs or replacements as it deems necessary or appropriate, and the cost thereof shall be payable to the Declarant by such Owner within ten (10) days after the delivery to the Owner of a demand for payment. Amounts due hereunder may be enforced and collected, together with interest and attorneys' fees in the manner provided in Article XXX. For the purpose solely of performing the maintenance authorized by this paragraph, the Declarant's agents and employees shall have the

ARTICLE XVII

ACCESS TO OTHER PROPERTY

Except for the Declarant, no Owner shall permit or otherwise authorize any portion of any Lot to be utilized as an easement, roadway, driveway, street or other means or method of access, ingress or egress to areas or property not included within the Properties. The purpose of this provision is to preserve and protect the integrity of the exterior boundaries of the Properties, and to preclude and prohibit any break in those boundaries by any easement, roadway, driveway or street granted, permitted or otherwise created by any Owner other than the Declarant. The Declarant reserves the right to grant such easements or create such roadways upon land or lots owned by the Declarant as the Declarant, in the Declarant's sole discretion, determines necessary, appropriate or desirable.

The Architectural Committee or the Declarant may extend this period only for good cause shown.

Section 1. Enforcement. The Declarant, or any Owner, shall have the right to enforce, by any proceeding at law or in equity, including injunctive relief, all restrictions, conditions, covenants, reservations, liens and charges now or hereafter imposed by the provisions of this Declaration. The failure of the Declarant or any Owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

Section 2. Severability. Invalidation of any one of these covenants or restrictions by judgment or court order shall in no way affect any other provisions which shall remain in full force and effect.

Section 3. Annexation. Additional residential property and common areas may be annexed to the Properties with the consent of the owners of two-thirds (2/3) of the Lots and the Declarant. Any such annexation shall subject said land to these covenants, conditions and restrictions, and the owners of each lot in such annexed area shall have the same rights, benefits, obligations and duties as the Owners of the Lots described in this Declaration.

Section 4. Development by Declarant. No provisions contained herein shall prevent Declarant, or Declarant's contractors or subcontractors from performing such work and activities as it deems necessary or advisable in connection with the development of the Properties, nor shall such provisions in any way prevent the Declarant from maintaining such sign or signs on the Properties as Declarant deems necessary or desirable for the sale or other disposition thereof, nor shall such provisions in any way prevent the use of a Lot and dwelling thereon as a model home and/or sales office including the use of the garage as a sales office thereby rendering the garage non-functional.

Section 5. Variances. The Declarant, as long as the Declarant owns any Lot, shall have the right to grant variances from any covenant, condition or restriction contained in this Declaration. Any such variance may be granted or withheld in the sole discretion of the Declarant.

Section 6. Amendment. The covenants and restrictions of this Declaration shall run with and bind the land, for a term of twenty (20) years from the date this Declaration is recorded, after which time they shall be automatically extended for successive periods of ten (10) years unless the Owners of all Lots and the holders of all first mortgages encumbering the Lots join in a written instrument recorded in the Public Records of Leon County, Florida, agreeing to terminate these covenants and restrictions upon the expiration of any ten (10) year period. This Declaration may be amended during the first twenty (20) year period by an instrument

signed by not less than ninety percent (90%) of the Lot Owners, and thereafter by an instrument signed by not less than seventy-five percent (75%) of the Lot Owners. No amendment shall affect the priority of the lien of any first mortgage on any Lot over the lien of the assessments provided for herein unless the holder of the mortgage joins in the execution of the amendment. Any amendment must be recorded.

Section 7. FHA/VA Approval. As long as there are outstanding any mortgages insured or guaranteed by the Federal Housing Administration or the Veterans Administration, the following actions will require the prior approval of the Federal Housing Administration or the Veterans Administration: annexation of additional properties, dedication of Common Area and amendment of this Declaration.

IN WITNESS WHEREOF, the undersigned, being the Declarant herein, has caused this Declaration to be executed the day and year first above written.
